FILE No. 19197 7th June 1899

SERIAL No. 1765

To
The Secretary—
Government of Mysore
General & Revenue Departments

Sir,

With reference to your $\frac{11629}{\text{Ed } 260}$ dated 13/4/99 and Reminder $\frac{13442}{\text{Ed } 299}$ dated 27/5/99, calling for a confidential memo as to character, qualifications, service, &c of Officers on the Staff of the Central College who are in the lower classes of the Educational Service and who may be deserving of advancement. I have the honor to submit the following

The members of the Central College staff whose positions have not yet been assigned in the Revised Educational Scheme are:-

1 Mr C M Vijayaraghavachar B A Chemistry Assistant
2 Mr B Venkatnarasaiya B A, Physics Assistant

3 Mr A R Subramanya Sastry B A. } Assistants in charge of the High School class-teaching
4 Mr V Lakshmipathiya. B A.
5 Mr K A Krishnamachar B A.
6 Mr M.T. Narasimhiengar. B A

Remarks as to each
[illegible] I think they

In making my remarks & suggestions I consider that respect should be had to

1/ University distinction
2/ length of service
3/ Nature of teaching work — whether in High School dept, or College dept — and also the size of the classes taught.
4/ Regularity, zeal, & ability with which the work is done

I Mr C M Vijayaraghavachar B A, Chemistry Assist was a distinguished graduate having taken a 1st class in Physical Science in 1888 He has had 10½ years service, of which 6 years service was in Shimoga college as Science Assistant, where he had also the 7 H Classes for Physiology. Here he teaches the Chemistry of the three large High School classes and the larger part of the Chemistry of the two B-A classes He has been most regular, zealous and careful in all his work and is well deserving of advancement He is at present in Class C III(6) [Rs 100 – 10 – 150] and draws now Rs 140 I may observe that his B N Das appa who graduated the same year but left an inferior position to his in the University & has only 5½ years service draws Rs 10/- more pay in the same class C III(6)
I think that both these men should be advanced to the next class C_2 [210 – 15 – 300] and put on the same pay Rs 210

A.A., Physics Assistant
and, having taken
He has had

in the High School Department taking the general teaching of one of the two lower classes in it, and for the past three years assisting with the laboratory work of the B.A. Physics teaching and now taking the physiology of the two large F.A. classes. He is one of the most willing, active, and clever science assistants I have ever had. He is also always ready to fill any gap in the absence of any of the staff and is certainly most deserving of advancement. He is at present in class C III and drawing the maximum pay of that class. I consider he should be placed in class C 3 [Rs 100-10-210] and given Rs 150/- to begin with.

III Mr P R Subramanya Sastry B A High School assistant has the B.A. degree in 1884, a 3rd class in Logic & Ethics. He has had 15 years service, of which 10½ years service was in the Kolar High School. He teaches the miscellaneous subjects of Sec B of the large Matriculation class here. He has been very regular in his attendance, but I cannot say that I consider him a good teacher, being specially weak in his discipline in which he has had to be checked by me more than any other teacher.
He is at present in class C III and had the maximum pay of that class for nearly 3½ years. On account of his long service, and his utility to the College Department occasionally from his knowledge of Malayalam and Sanskrit, in which latter language he has published a grammar and thereby shown intellectual activity, I would recommend that he be put in the new class C 3, and given pay Rs 130/- to start with.

IV Mr V Lakshmanacharya B A High School assistant has his B.A. degree in Maths in 1891, having taken a 3rd class. He has had 7½ years service of which 3 years service was in the City Town School as Head Master. He teaches the miscellaneous subjects in Sec A of our large Matriculation class. His attendance has been regular

his attention to his work characterised by great care good discipline, & excellent style of writing (when I consider educationally valuable) The only fault I have had to find with him was his behaviour at the time of the Plague last year, when he showed much timidity, and caused me to trouble the Government by a complaint. He is of considerable service to the College Department in assisting me in the Telugu translation work, and in setting & examining all Telugu papers at our Terminal Examinations
His present class is C III, and his pay Rs 90/- I would recommend his advancement to new class C3, and his pay to be Rs 110/- to begin with in that class.

V Mr K A Krishnaswamy Iyer, B A, High School Assist took his B A degree in 1886, taking a 2nd class in Physical Science He has had 11 years service, of which 2 years service was in the City Normal School as Head Master He teaches the English & Grammar & some miscellaneous subjects of Forms IV & V of the High School Classes His most careful, & punctual in his work, and very fair with his discipline He is of much use to me with the Tamil Translation of the College Classes, setting and examining all the Tamil Translation papers at our Terminal Examinations — and taking very great care in connection with these
His present class is C III and his pay Rs 100/ which he reached a year ago (nearly) I would recommend that on account of his long service & his assistance in the College Department he be advanced to the new Class C3 and given Rs 130/- to start with

VI Mr M T Narasimhiengar, B A, High School Assist took his B A Degree in Maths in 1892, taking a 3rd Class He has had 7½ years service, of which 4 years has been in the Central College, the first 3½ years having been as an assistant in the Archaeological department He teaches the Mathematical subjects of Forms IV & V of the High School Department, and Sanskrit Translation in all classes of the College Department. He has been fairly regular, and improving very much in his handling of his large & all his teaching experience has

been gained in this College. His physical strength has threatened once or twice to be unequal to the strain of teaching, and he would be better suited for translation work and literary work, where his great liking for Sanskrit would have scope.

His present position is Class CIII & pay Rs 90. As he is of much value in the College Department for translation work however, I would recommend his advancement to Class C_3, and his pay to be Rs 110/- to begin with in that class.

On the next page I give a summary of the above facts and proposals for convenience of reference and trust that they will commend themselves to the approval of the Government.

I have the honour
to be, Sir,
Your obedient servant

Principal
Central College
Bangalore

Summary of Confidential Memorandum

No.	Name	Degree date &c	Nature of Work	Years of Service	Present Class & Pay	Proposed class & pay	Remarks
I	C M Vydya-raghavachari	B A 1888 1st class in Phys Sc	Chemistry Assistant [Chemistry teaching of the 3 H Sch Classes and most of 4 in 2 B A classes]	10½ years [of which 6 in Govt coll]	C II(6) Rs 140/ 1 3 99	C_2 Rs 210 150 C. C[illegible] of III as recommended by Mr Rhodda	Teacher of both B A standard in chemistry
II	B Venkata Ramanappa	B A 1892 1st class in Phys Sc	Physics Assistant [Physics teaching of the 3 H Sch classes and Physical of 2 7 A classes]	7 yrs [all in the Central Coll]	C III Rs 100 1 2 99	C_3 Rs 150 100 - do do do	Teaches both B A standard and assists in B A Laboratory work
III	P R Subramanya Sastry	B A 1884 3rd class in Sanskrit	Miscellaneous Subjects of Sec B Of Matric class + assists in Malayalam in College & H Sch	15 yrs [of which 10½ in Kolar]	C III Rs 100 1-2-96	C_3 Rs 130 110 - do	Long service assists in Malayalam & has published Sanskrit Grammar
IV	V. Lakshmi-patayya	B A 1891 3 class in Maths	Miscellaneous subjects of Sec A of Matric class + assists in Telugu Translations in College & H Sch	7½ yrs [of which 3 in Mun Sch]	C III Rs 90 1 4 99	C_3 Rs 110 90 C IV - do do	Good teacher assists in Tel Trans in all classes of College
V	K A Krishnaswamy Iyer	B A 1886 2 class in Phys Sc	Eng, Gram, & Misc Subjects in Forms IV & V + assists in Tamil Trans in Coll & H Sch	11 yrs [of which 2 in Mun Sch]	C III Rs 100 1 7 98	C_3 Rs 130 100 C III - do	Good teacher gives much assistance in Tamil Trans in all classes of College
VI	M T Narasimma Iyengar	B A 1892 3rd class in Maths	Maths Subjects &c of Forms IV & V + Sans Trans in Coll & H Sch Classes	7½ yrs [of which 3½ in Asst Office]	C III Rs 90 & 80 1 3 99	C_3 Rs 110 80 C II	assists in important work of Sans Trans in all classes of College & H Sch

Dated Mysore,
19th May 1899

Memorandum by the Inspector-General of Education on the revision of the lower grades of the Educational Service referred to in para 2 of order No. 10223-5 Ed 230, dated Bangalore, 5th March 1899

I submit herewith for approval and sanction a revised list of all appointments on progressive pay in the Educational Service. I have revised the list on the following principles.

(1) That the classification of the Inspectorate be assimilated as far as possible to that of the Tutorial Branch of the service, so that transfers from the Tutorial to the Inspecting Branch and vice versa may be made when necessary without difficulty. This ~~principle~~ was recognised when the ~~Educational~~ Service were

278-93, Educational,

Headmasters of High schools and College Lecturers or Assistants of long standing, and that College Lecturers or Assistants be not placed as a rule in the class unless they take a substantial share in the teaching of one of the subjects for the B.A Degree Examination.

(3) That class C III Rs 100-10-210, be reserved chiefly for Deputy Inspectors, Headmasters of High Schools, and upper Assistants of Colleges and High Schools and that in the case of the last mentioned officers they should be actually teaching or capable of taking a substantial share in the teaching of the F.A classes

(4) That class C IV, Rs 50-$\frac{10}{2}$-100 be reserved chiefly for the upper Assistants of High Schools and High School Departments, Probationary Deputy Inspectors and Assistant Deputy Inspectors

That class D be divided into the

by biennial

Class D I is the same as before It was originally intended for B A's but B Sc's or those who have passed the B A Degree Examination in one or more Branches are now available for this class I submit that the order of Government No 37-S dated 1 July 1897 Ed B 5-96 be amended so as to permit of B Sc's being appointed on Rs 30 either in class D I or the maximum pay in class D II. The present rule allowing the appointment of B A's on Rs 25 rising to Rs 30 after three years' approved service is a hard one. It was possible to get only one graduate to accept the terms prescribed by this order, and he in a short time accepted a Normal Scholarship to study for the L T Degree Examination and is now in the Teachers' College A teacher's work is hard and a B A should not be paid less than Rs 30

Class D II at present is paid Rs 15-$\frac{3}{2}$-30. Those who have passed the B A Examination available for employment in this class for their attainments [illegible]

Class D I is the same as before It was originally intended for F A's but B A's or those who have passed the B A Degree Examination in one or more Branches are now available for this class I submit that the order of Government No 37-S dated 1 July 1897
Ed F 5-96
be amended so as to permit of B A's being appointed on Rs 30 either in class D I or the maximum pay in class D II. The present rule allowing the appointment of B A's on Rs 25 rising to Rs 30 after three years' approved service is a hard one. It was possible to get only one graduate to accept the terms prescribed by this order, and he in a short time accepted a Normal Scholarship to study for the L T Degree Examination and is now in the Teachers' College A teacher's work is hard and a B A should not be paid less than Rs 30

Class D II at present is paid Rs 15-$\frac{3}{2}$-30 Those who have passed the F A Examination are now available for employment in this class it is time to give a salary for their attainments as to enable them to live in some degree of comfor

I recommend that the starting salary be raised to Rs 20

Class D III Rs 10 - 2/2 - 20 as a new class intended to apply for the present to the 7 so-called Pupil Teachers on Rs 10 in High Schools, who are really full time masters of the I or II class They have mostly failed to pass the Matriculation Examination and have not therefore been eligible for promotion to the present class D II But they are all grown up men of considerable length of service, and are giving satisfaction in their work It is hard that they should be barred for ever from promotion. I therefore propose to place them in this new class, give them Rs 14 to start with, and call them Assistant masters which they really are and not Pupil Teachers In future only Matriculates will be appointed in this class

(6) That a multiplicity of classes of officers in the Education Department be avoided, and that as far as possible all of them including the Curator Travelling Oriental

Industrial School, the Manager of the Local Examination Office, the Curator of the Government Central Book Depot, and the Headmaster of the Shimoga Anglo-Vernacular School be brought into the regular Educational classes. The Superintendent of the Maharani's School and the Superintendent of Girls' Schools in Bangalore are officers whose services have been engaged on special terms and have therefore not been included in the list forwarded herewith.

2 In accordance with the above principles I have revised the list of all appointments on progressive pay where good reasons exist for giving special promotion to a few individual officers, I have stated them in the column of remarks. A few cases deserve special mention here. The Superintendent of the Mysore Industrial School and the Manager of the Mysore Local Examinations ~~Manager~~ richly deserve the promotion recommended for them. I also recommend for the most favourable consideration of Government the cases of

my office,

Oriental Library, Mr. C Krishna Rao, B.A., Head-master, Tumkur High School, and Mr. M.B. Srinivasangar, M.A., Kannada Translator the latter two officers have each given me a memo stating their case for promotion, which is forwarded herewith. In some cases I have altered the existing pay of an officer to suit the increments of the revised grades. In others I have recommended a small promotion for excellence of work and increased responsibility as in the case of Mr. V. Subramanya Iyer, Headmaster, Chikmagalur High School, or for having long remained without promotion in a lower grade like Messrs H. Kesavanya, P.R. Subramanya Iyer B.A., R. Veerabhadraya B.A., M.K. Varadachar, B.A., Syed Taj Peeran, B.A., K.A. Krishnaswamy, B.A., B. Venkatanarappa, B.A. and S. Krishnaswamy Iyengar M.A. For all the latter officers I have recommended promotion to the new class C III. I have also recommended Messrs K. Raghavachar, B.A. L.T. (Theoretical) B.A. L.T. (Theoretical), M. Siva-Subba Rao B.A.

in Class C IV for an additional graduate teacher of History for the Chikballapur High School. This High School has on its staff only one graduate besides the Headmaster. It is necessary to strengthen the staff. The Headmaster of the Anglo-Vernacular School, Shimoga though not a B.A has been through the B.A course and deserves for his able management of the largest Government Anglo-Vernacular School promotion to Class C IV

3 At this time of general revision of the grades of Educational officers, I would once more invite the attention of Government to the necessity of appointing two Circle Inspectors for the East and West Circles. The appointments of Circle Inspectors were abolished so long ago as 1878 for want of funds. The number of public schools was 928 with 34,797 pupils in 1878 on the 30th June 1898 the number of schools was 2100 with 90,428 pupils. ~~more~~ more closer supervision is handed

that the scale of pay of the Circle Inspectors be the same as that of Class B I, Rs 300-25-500 though in special cases newly appointed officers may start on higher than the minimum pay of the class. The places will have to be filled with great care. None of the present Deputy Inspectors is qualified for promotion to an Inspector's place.

The last class of Deputy Inspectors on a fixed pay of Rs 100 should be virtually abolished, it being retained only for Deputy Inspectors on probation. When a Deputy Inspector has worked satisfactorily for a year or so he should be promoted to the next higher class on Rs 100-10-210. If my recommendations made in the revised list are sanctioned, the last class of Deputy Inspectors will be vacant. For convenience of reference, I have prepared a separate list of the Inspectorate.

U N Bhatia

Memo of the services of C. Krishnakan, Headmaster, Tumkur High School

Institution	Period	Classes taught	Subjects taught	Results of Public Examinations	Remarks
Central College Bangalore	1881–85	Upper IV returning Mr Malhari Rao	all	In 1883 the year before the abolition of the lower classes out of 23 sent up for the Madras Middle School Exam[n] 17 passed three of whom were in the first class

A

Memorandum

In the recent reorganisation of the higher Educational Service sanctioned in Government × Ed. 25-98 Order No. 10223-5 Ed. 230 dated 5th March 1899, it will be seen that all Educational Officers of the former Class I were promoted to the higher Grade of Class C, with a starting salary of Rs 300, reaching Rs 450 by an annual increment of Rs 25. Of the six officers in this Grade, the first two - Messrs. Lee-Warner and R. Venkatramiah - were given the Grade, and allowed a special increase of Rs 50 each, while the next three - Messrs S Cross, R. Raghunatha Rao and S. Mallari Rao - were similarly given the higher grade with a special increase of Rs 30 each and I am the only unfortunate officer in that Grade who was not favoured with a similar promotion, in spite of my special qualifications and longer service as compared with the last two Officers.

2. I need hardly submit here the fact that on 1st Dec. 1899 my salary as Headmaster, High School Kolar was Rs 230 per mensem and that this, coupled with free-quarters (for which a sum of Rs 20 at least may be regarded as an equivalent) virtually amounted to Rs 250 a month. Hence on transfer to the Central Office at Mysore as Translator on the same Rs 250 a month (as per Govt order No. 9193-4 dated 1st February 1899) ordered on

[illegible]

service was sanctioned did not guide me and
Inspection, but has on the other hand, entailed
upon me additional expenditure consequent
upon clearer views incidental to city-life at Mysore,
house-rent, the necessity of keeping a conveyance
and other sundry charges. If I had been allowed
to continue as Head Master at Kolar, I should
have been drawing, in addition to free-quarters
not only Rs 230 (my pay on 1st Feb 1899), but also
the increase of rupees thirty which the Government
have been pleased to allow to my brother-Officers.
Moreover no special consideration or encouragement
has been shown me till now for my higher
qualifications in having become a specialist
in Dravidian Philology and Literature and in
Philosophy (Eastern and Western) in which I had
earned special distinction even in my College-career,
or for my several contributions to Kannada
Literature. The vacancy if available, in Class B 2
may be kindly conferred on me, as I possess the qua
lifications specified in Para 5 of the Proceedings.
As I am situated, I do not know whether I am
to be classed as an Educational Officer of the
present C 1, or C 2, or even C 3 Grade, since my
present increment is only Rs 10 a year

Mysore, 11th May 1899

Education Department

NOTE

In Pro No 10223-5 Ed 230 dated 5-3-1939, revising the higher classes of the Educational service, it was observed that orders regarding promotions in the lower classes of that service were reserved Messrs Bhabha and Cook have since submitted certain proposals on the subject

2 Leaving out of account Specialists and Inspecting Officers whose cases will be separately dealt with, there are at present 9 officers in old class C II a (100-10-200), 2 in old class C II b (100-10-150) and 30 in old class C III (50-10/2-100) To the No. last mentioned, the Inspr. Genl proposes to add 4 by promotion from class D in order to meet immediate requirements The total No in these three classes is thus 45.

3 Having carefully examined the proposals made by Messrs Bhabha and Cook, I have prepared a proposition statement (A) under which there would be for the present 7 officers in new class C II (210-15-300), 23 in new class C III (100-10-210) and 21 in new class C IV (50-10/2-100) Total 45

4 The new scale proposed by the Inspr. Gl provides for 9 additional officers As however these 9 new men are not likely to be all required at once, the No. may safely be reduced to 5 The total strength would thus be 50 distributed as follows

New	C II	5	instead of	6	proposed
,,	C III	20	,,	,, 12	,,
,,	C IV	25	,,	,, 36	,,

5 For the present 4 places in C II and 4 in C IV will remain vacant while there will be -3- extra in C III.

6 The immediate additional cost of the scheme will be Rs 472 per mensem and the eventual cost Rs 1500 rising to Rs 2700 (Vide Statement B)

7. It is a question ~~of~~ deserving of consideration, whether the increments in C IV may not be made annual instead of biennial

8 Mr Bhabha's proposals re the revision of the several sub-divisions of class D may be reserved for separate consideration

No. 4510/186

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,
Mysore, Bangalore, 17th June 1899

From

H J BHABHA, Esq.,
Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
General and Revenue Depts.,
Bangalore

SIR,

With reference to Order No. 5625-7/3d 201 dated 14th November 1899, I have the honour to inquire from what date the revised scale of the teaching staff in Class C will come into effect

As on the date of the order

2 In the case of those teachers who get no increase of pay but are merely graded freshly it is presumed that the period qualifying for the next increment will commence not from the date of the present order, but the date on which the
